TUBE TEST DATA DIVISION 1744 Rockaway Ave., Hewlett, N.Y. 11557 • (516) 599-2540

DON'T RISK DAMAGE TO YOUR NOVAR SOCKET BY INSERTING A LARGE DIAMETER PIN "MAGNOVAL" TUBE.

"MAGNOVAL" TUBES HAVE LARGE DIAMETER PINS AND,, IF INSERTED INTO A NOVAR SOCKET, THE NOVAR CONTACTS BECOME SPREAD BEYOND USABLE TOLERANCE. TO PREVENT THIS DAMAGE WE HAVE DESIGNED A NEW MAGNOVAL ADAPTER.

Purchasing our new MAGNOVAL ADAPTER eliminates the possibility of permanent damage to your novar socket and keeps your present tube tester UP-TO-DATE.

All you have to do is simply insert the adapter into the novar socket of your tube tester or multi-socket adapter and you are ready for test.

Listed below are some of the tube types requiring this adapter. There will be other types in the future

3BH2	18GB5	E55L	LL521
