

RCA VICTOR

HI-FIDELITY RADIO-PHONOGRAPH RECEIVER

MODEL HFC-390

SERVICE DATA

MODEL HFC-390

The Model HFC-390 "Hi-Fi" Combination incorporates a six tube plus selenium rectifier superheterodyne radio (standard Broadcast Band) with one 8" PM speaker and two 3½" PM speakers.

The Model HFC-390 is similar to the Model L-200 receiver with the exception of a slight change of cabinet design to improve sound reproduction.

For alignment procedure, schematic, electrical specifications and replacement parts list, please refer to the Model L-200 Service Note - 1956 No. 29, or Volume RT-111 page 119.

For service information and replacement parts list pertaining to the four-speed Monarch Changer UA8, please refer to the Changer Model Monarch UA8 Service Note - 1956 No. 22, or Volume RT-111 page 51.

Legs are available for the Model HFC-390 as follows:

- S-22318—Legs, Walnut, set of four
- S-22319—Legs, Maple, set of four
- S-22320—Legs, Oak, set of four
