

RCA VICTOR

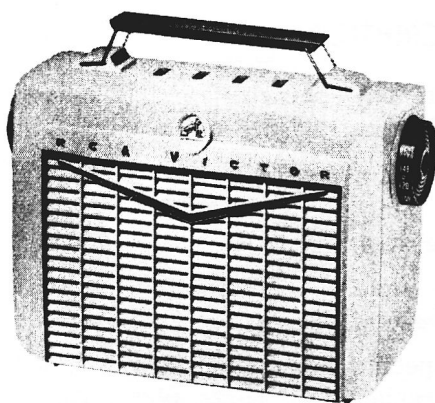

AC-DC-BATTERY PORTABLE RECEIVER

MODEL P-232

SERVICE DATA

GENERAL DESCRIPTION

Model P-232

The Model P-232 is a three way "personal" type portable radio receiver using four tubes and a selenium rectifier.

The Model P-232 is similar to the Model P-130 Portable Receiver with a slight difference in cabinet design, and including new cabinet colours.

For electrical and mechanical specifications, chassis alignment procedure, chassis layouts, schematic and replacement parts, please refer to the Model P-130 Portable Receiver Service Note, Issue 1956 — No. 7, or Volume RT-111 page 77.

The parts list below includes the cabinet parts which are not common to the Model P-130:
