

SERVICE INFORMATION

RECORD CHANGER RP-198-5

GENERAL DESCRIPTION

The Model RP-198-5 series record changers are three speed changers designed to play, in automatic sequence a stack of either 7", 10" or 12" records, or 10" or 12" intermixed and shut off automatically after playing the last record.

Models of the RP-198 Series have a slightly smaller motor

board than models of the RP-197 Series and do not include a well for storage of 45 r.p.m. centerpost.

Replacement Parts for the Model RP-198-5 are identical to the RP-197 series with the exception of the parts listed below -
